Public in attendance asked questions about progress with SVS becoming compliant with Shoreland Zoning Ordinance. Selectmen stated that there had been no communication with this office since David Gray sent letter asking to Greg Cunningham, attorney for E. Forbes Smiley, notification they were to bring an amended application with accurate site plan to the PB.

Selectmen were asked when they would enforce. Select Dow said she would contact Attorney Gray to see what the delay is or if the SVS plan to comply.

Will also ask for copy of the letter sent to Mr. Cunningham, and get David's opinion where to go from here.
